

## THE MARK V MONUMENT PROJECT

UPDATE SATURDAY MARCH 20 1200HRS

We conducted the drawing for statuette serial # 001-300, this morning at the Institute of Diving (IOD). A large group of DAWGs (Diving Association of Wise Guys) were present. Bob Barth spun the container which held the 1000 tickets. The Mayor of Panama City Beach, Gayle Oberst picked one ticket and handed it to Dave Sullivan. Dave informed the group that the winning ticket #163 belonged to The D.C.Divers. Dave left a voice mail with them and will be making arraignment to ship #001-300 ASAP.

More information will be readily available on the Mark V Monument FACE BOOK site. This worked so well that we now have in our possession #200-300 and the tickets for the second statuette. The donation is \$20, however there will only be 250 tickets. They will go very quickly.

We will now be maintaining a minimum of 20 statuettes on hand for immediate shipping upon your order. Delivery to your designated location (CONUS) will be within a couple days of placing your order. Reservations require payment in full (unless you have made prior arrangements). If you have, any questions please contact either:
